This matter is before the court on application for writ of habeas corpus, filed in this court pursuant to 28 U.S.C. § 2254.

In accordance with 28 U.S.C. § 636(b) and Local Civil Rule 73.02 (B)(2)(c), DSC, this matter was referred to United States Magistrate Judge Thomas E. Rogers, III, for pre-trial proceedings and a Report and Recommendation (“Report”). On February 9, 2015, the Magistrate Judge issued a Report recommending that this petition be dismissed without issuing process to Respondent and without prejudice. The Magistrate Judge advised Petitioner of the procedures and requirements for filing objections to the Report and the serious consequences if he failed to do so. Petitioner has filed no objections and the time for doing so has expired.

The Magistrate Judge makes only a recommendation to this court. The recommendation has no presumptive weight, and the responsibility to make a final determination remains with the court. *See Mathews v. Weber*, 423 U.S. 261 (1976). The court is charged with making a *de novo* determination of any portion of the Report of the Magistrate Judge to which a specific objection is made. The court may accept, reject, or modify, in whole or in part, the recommendation made by

the Magistrate Judge or recommit the matter to the Magistrate Judge with instructions. *See* 28 U.S.C. § 636(b).

After reviewing the record of this matter, the applicable law, and the Report and Recommendation of the Magistrate Judge, the court agrees with the conclusions of the Magistrate Judge. Accordingly, the court adopts and incorporates the Report and Recommendation by reference in this Order.

This petition is successive in nature. As this court is without jurisdiction to consider it, it is dismissed without prejudice and without issuance and service of process upon Respondent.

**CERTIFICATE OF APPEALABILITY**

The governing law provides that:

(c)(2) A certificate of appealability may issue . . . only if the applicant has made a substantial showing of the denial of a constitutional right.

(c)(3) The certificate of appealability . . . shall indicate which specific issue or issues satisfy the showing required by paragraph (2).

28 U.S.C. § 2253(c). A prisoner satisfies this standard by demonstrating that reasonable jurists would find this court's assessment of his constitutional claims is debatable or wrong and that any dispositive procedural ruling by the district court is likewise debatable. *See Miller-El v. Cockrell*, 537 U.S. 322, 336 (2003); *Slack v. McDaniel*, 529 U.S. 473, 484 (2000); *Rose v. Lee*, 252 F.3d 676, 683 (4th Cir. 2001). In this case, the legal standard for the issuance of a certificate of appealability has not been met. Therefore, a certificate of appealability is **denied**.

**IT IS SO ORDERED.**
